

# DECEMEBR RELEASE DETAILS

**Educo International Inc.**  
715 Park North Blvd, Suite 116  
Clarkston, GA-30021

## 1) Take EducoSoft exams via Remote Proctor Now (RPNOW):

EducoSoft is **RP Now** compatible. **Remote Proctor Now (RPNOW)** delivers on-demand, proctored exams that enable students to test online, anytime, anywhere, with integrity. Using a standard computer webcam with an internet connection, when students are ready to test, they simply log into RPNOW. The clean and simple interface allows students to easily select an exam and enter the information required to verify their identity.

## 2) Option to enable/disable Student Dashboard panels:

Login as Instructor, Select appropriate regular term-section and go to User Management → My Preferences → My Settings, under My Settings, click on **configure dashboard** link, Select required Dash Board items and click on save link.

The screenshot shows the 'My Settings' page with the 'Configure Student Dashboard' dialog box open. The dialog box has a title bar 'Configure Student Dashboard' and a close button. The main content area contains a list of notification items with checkboxes: Announcements, Messages, Tasks scheduled, Progress, Courses (checked), Drop Box (checked), and Assessments. At the bottom of the dialog, there is a checkbox for 'Apply this settings for all sections' which is also checked. The dialog box has 'Save' and 'Cancel' buttons at the bottom right.

Same dashboard items will reflect on Student Home page.

The screenshot shows the Student Home page. The top navigation bar includes 'Home', 'My Profile', 'My Instructor', 'Support', 'Orientation Videos', 'User Guides', 'FAQ', and 'Logout'. The main content area is titled 'Welcome to EducoSoft' and features a 'Courses' section with a table of courses. The table has columns for 'Term Name' and 'Course Name'. The first row shows 'Term Name : Term 2016' and 'Azure Test Course'. The second row shows 'Term Name : Dev Term 2016'. Below the table is a 'Drop Box' section with a date range 'Due from 12/6/2016 to 12/12/2016' and a date picker set to '12/06/2016'. The drop box shows 'No Assignments Due' and a 'See all assignments' link.

### 3) 'On campus' setting on Assessment Create page.

Login as Instructor and go to Assessment → View/Create Assessment, click on create link,

Add Assessment

The screenshot shows the 'Add New Assessment' form. The 'Assessment Type' is set to 'Online'. The 'Title' is 'Assmt'. 'Recipients' is 'All Students'. The 'Assessment mode' is 'Standard mode (predefined settings)'. Under 'Assessment to be taken', the date is set to 'Between 12/06/2016 AND Select Date'. The 'Can take from' dropdown is highlighted with a red box and set to 'Campus Lab'. The 'Score Settings' section has a red note: 'Replace selected assessment score obtained in this assessment if selected assessment scores are lower than the score in this assessment.'

### 4) Best Answer Grading Option:

Create an Assessment, enable Best Answers Grading Option.

Add Assessment

The screenshot shows the 'Add New Assessment' form. The 'Assessment Type' is 'Online'. The 'Title' is 'bestAnswers'. 'Recipients' is 'All Students'. The 'Assessment mode' is 'Standard mode (predefined settings)'. Under 'Assessment to be taken', the date is set to 'Between 12/06/2016 AND 12/30/2016'. The 'Can take from' dropdown is set to 'Anywhere'. The checkbox 'Yes, Enable best answers grading option.' is checked and highlighted with a red box. The 'Score Settings' section has a red note: 'Replace selected assessment score obtained in this assessment if selected assessment scores are lower than the score in this assessment.'

Add Part Description, and select Individual part Question type, once done select the topics part wise and then you will be taken to Randomization page.

Select Grading Options part wise namely All Question, Best Answers by Question, Best Answers by Subpart.

Mention Best Grading count (Only for Best Answers by Question and Best Answers By subpart)

#### Randomization

#### Preview and Save Assessment

#### Student Login

Login as Student and attempt assessment, assessment page looks like

6) Hand Graded Assessment Score field actions such as Enter/Cursor/Tab will take to next student score field, only save link will take out user from score entry mode.

## 7) Help Menu Changes:

### Campus Co-ordinator and Instructor

Help menu has divided in to four sub menus i.e. orientation videos, Important Documents, User Manual and FAQ

The screenshot shows the top navigation bar of the Educo Learning System. The 'Help' menu is expanded, showing four sub-menus: 'Orientation Videos', 'Important Document', 'User Guide', and 'FAQ'. Below the navigation bar, the 'Instructor Orientation Videos' page is visible, featuring a table of training sessions with columns for 'Title', 'Size', and 'View'. Each row in the table has a 'WATCH NOW' button.

Title	Size	View
Getting Started Tutorial	9 MB	<a href="#">WATCH NOW</a>
Navigation - Lecture Notes & Learning Activities	17 MB	<a href="#">WATCH NOW</a>
How to Upload Syllabus	16 MB	<a href="#">WATCH NOW</a>
How to Set Up the Grade Book - Part I	5 MB	<a href="#">WATCH NOW</a>
How to Set Up the Grade Book - Part II	6 MB	<a href="#">WATCH NOW</a>
How to create Assessments - The Basics	10 MB	<a href="#">WATCH NOW</a>
How to create Assessments - Advanced Topics	9 MB	<a href="#">WATCH NOW</a>
Creating Announcements	7 MB	<a href="#">WATCH NOW</a>
Creating Surveys	21 MB	<a href="#">WATCH NOW</a>

click on sub menu to access the same.

### Student Login:

The screenshot shows the 'User Guide' sub-menu expanded in the Educo Learning System. It lists two guides: 'System Requirements' and 'Student Registration'. Each guide has a 'Download' button with a PDF icon.

User Guides	Download
<b>System Requirements</b> Outlines computer system requirements for using EducoSoft.	<a href="#">PDF</a>
<b>Student Registration</b> Step by step guide for registration process for following options: 1. Registration with Student Access code. 2. Direct registration (without Student Access Code and without purchase of book) 3. Direct registration (without Student Access Code) with purchase of book.	<a href="#">PDF</a>

Help menu items were listed individually on the menu bar as displayed above. Click on menu item to access the same.

## Modular Course Features

### 1) Instructor Study Plan shows all sections with scores, Assessment information including exempted modules

**Study Plan** Back

The study plan is build based on the assessments taken. Only module final and graded assessments are considered for building a study plan.

Name: 943, test

Module / Section	T#Q in MDT	T#Q-C in MDT	% Sc in MDT	T#Q in HW - Quiz
<b>College Algebra (Modular)</b>				
Module 1: Review of Basic Algebra	Exempted			Not Applicable
Module 2: Functions	Exempted			Not Applicable
Module 3: Equations and Inequalities	Exempted			Not Applicable
Module 4: Graphing Techniques	Exempted			Not Applicable
Module 5: Exponential and Logarithmic Functions	Exempted			Not Applicable
Module 6: Variation and Conic Sections	Exempted			Not Applicable
Module 7: System of Equations, Matrices and Determinants	Exempted			Not Applicable
Module 8: Sequence, Series and Binomial Expansion	Completed			Completed through module mastery test (MMT) with 75% score
8.2 Arithmetic sequences		Section activities completed!		✓ Homework on Section 8.2 ✓ Quiz on Section 8.2
8.4 Arithmetic Series		Section activities completed!		✓ Homework on Section 8.4 ✓ Quiz on Section 8.4

Instructor Study Plan looks similar to corresponding student study plan

### 2) Instructor> Student Assessment list page window has been increased for better visibility.

**Assessment List**

1. Enter Maximum Attempt, select new End Date and/or enter new test time and click on Save.  
 2. Click on Score to view scores and detailed results for all attempts.  
 3. Assessments are listed by module. Please select a module from the list.

## Unit Based Course Features

### 1) Settings to Lock/unlock Unit date setting feature for specific Instructor:

Navigate to CC> Sections> Unit based course-term> Lock/Unlock section features, click on lock/unlock section features, select  corresponding to unit based course date settings to block instructor from changing unit test dates, once done click on save button.

Section Back

**Lock/Unlock Section**

1. Click on the  icon to unlock/lock the section data.  
2.  icon denotes the section has imported master section data and the imported date information is shown on the mouseover.

Term: UBC 2016      Course: Pre-Algebra - PGCC (NEW)

No.	Section Name	Meeting Time	Location	No. of Students	Instructor	Feature access: Instructor	Activity access: Student
1	SecA	n/a		8	1, CC	Lock/Unlock section Features	
2	SecB	n/a		0	1, CC	Lock/Unlock section Features	

Section List - Google Chrome  
40.84.24.78/Course/SectionLockSettings.aspx?SecId=49478

**Section Lock Settings**  
Section Name : SecA  
Block Instructor From:  Select All

- Add/Edit Assessments and Grade book
- Change Assessment List Order
- Change student(s) score
- Increase student(s) Max Attempt
- Extend student(s) due date
- Edit or Remove assessment password
- Student Allotted Time
- Unit Based Course Date Changes

Save      Cancel

By applying this setting, instructor can't change unit test dates.

### 2) Setting to Allow/Deny changing Grade book settings for specific instructor:

login as Campus co-ordinator and go to Sections> Lock/Unlock Section settings>lock/Unlock section features, select  corresponding to Grade Book, once done click on save button.

Section Back

**Lock/Unlock Section**

1. Click on the  icon to unlock/lock the section data.  
2.  icon denotes the section has imported master section data and the imported date information is shown on the mouseover.

Term: UBC 2016      Course: Pre-Algebra - PGCC (NEW)

No.	Section Name	Meeting Time	Location	No. of Students	Instructor	Feature access: Instructor	Activity access: Student

## 6) Master section import from one unit based course term to another:

-Instructor can import Master section of a unit based course to another term, provided course should be same.

-Select the Master section to which you want to import data, and go to Tools → Import master section, select term whose Master section you want to import

- Check course resources by clicking on view details corresponding to resources, once done click on import button.

Copy course content from your previous master section.

1. Select the previous term from the term drop down list.  
2. You can view the previous term course resource by clicking on individual resource 'View Details' link.  
3. Click on 'Import' button to import the previous master section data.

Term: UBC 2016

Start Date: 8/18/2016 End Date: 2/23/2017 Instructor Name: CC 1

**Course Resource**

Syllabus	<a href="#">View Details</a>
Gradebook	<a href="#">View Details</a>
Assessments	<a href="#">View Details</a>

# Inter Fajardo Project Student Tracking

## 1. Authorize tracking system interface to other instructors

The screenshot shows the EducoSoft interface with the 'Instructors' tab selected. A table lists instructors with columns for Name, E-Mail Id, and various action icons. A modal dialog titled 'Enable/Disable Setting option for instructor' is open, showing a list of settings. The 'Project Student Tracking' option is checked and highlighted with a red box. A red arrow points from the gear icon in the instructor list to the modal dialog.

Name	E-Mail Id	Deactivate
1. Caballero, Myriam	myriam.caballero@fajardo.inter.edu	Deactivate
2. Cintron, Elizabeth	profesoracintron@yahoo.com	Deactivate
3. EDUCO, EDUCO	educos@educos.com	Deactivate
4. Gomez, Iris	iris.gomez@fajardo.inter.edu	Deactivate
5. Gomez, Rafael	rafael.gomez@fajardo.inter.edu	Deactivate
6. Lopez, Mercedes	melozepr@yahoo.com	Deactivate
7. Lopez, Yolanda		Deactivate
8. Martinez, Ivan		Deactivate
9. Mcdonald, Eunice		Deactivate
10. Medina, Luis		Deactivate
11. Morales, Irma		Deactivate
12. Nazario, Manuel		Deactivate
13. Ortíz Vega, Rafael		Deactivate
14. PROFESSOR, MAEC 2140		Deactivate
15. Sharma, Man		Deactivate
16. Silva, Cynthia		Deactivate

**Enable/Disable Setting option for instructor**

- Select All
- Allow instructor act as LCS
- Act as Alt Campus Coordinator(ACC)
- Allow Instructor login into student's account.
- Act as Course Coordinator(CRC)
- Allow instructor to Add TA
- Project Student Tracking

Buttons: Save, Cancel

Click on  icon corresponding to instructor, select  “Project Student Tracking” to allow access to Project Student Tracking report.

## 2. Tagging feeder school to a term

while creating a term, now campus co-ordinator can tag feeder school to that term

The screenshot shows the 'Add Term' form in the EducoSoft interface. The form includes fields for Term, Name, Start Date, and End Date. A dropdown menu for 'Feeder School' is open, showing a list of schools. The 'RAMÓN QUIÑONES MEDINA' school is selected and highlighted with a red box. A red arrow points from the dropdown menu to the 'Save' button. A red text label below the dropdown menu reads 'Select Feeder School from the drop down list.'

**Add Term**

1. Select term type **Standard** for normal registration.  
2. Select term type **Lab** for registration through Lab License. For a lab license term, student can only register from the registered lab or location.  
3. Select term type **Developmental** for Redesign courses.  
4. Select term type **Training** for online Training session.

Term: Standard  
Name: Term 2017  
Start Date: 12/05/2016  
End Date: 03/31/2017

Feeder School:  RAMÓN QUIÑONES MEDINA

Select Feeder School from the drop down list.

Buttons: Save, Cancel

Select Feeder School

- RAMÓN QUIÑONES MEDINA
- GEORGINA BAQUERO
- JUAN J. MAUNEZ
- COL EVANGELICO UNIDO
- COL. NTRA SRA. DEL PILAR
- ACADEMIA CRISTIANA COHELET
- ESC.VOC.ANA D. FLORES
- ANA D. FLORES
- VOC.MANUEL MEDIAYILLA
- COLEGIO BAUTISTA
- FAJARDO ACADEMY
- Vocacional Ana D. Flores
- Lighthouse Baptist Academy
- Esc. Sup. Casiano Cepeda
- Carlos Beltrán Baseball Academy
- Dr. Santiago Veve Calzada
- Esc. Sup. Isidro Sánchez
- Presby (Colegio)
- Santiago Iglesia Pantin

Select Feeder school from dropdown list, if feeder school is not available select "Others" and manually type feeder school name.

### 3. Option to set section as Special Project Section:

The screenshot shows the 'Section List' interface. At the top, there are navigation tabs: Terms, Course, Sections, Instructors, Coordinators, Communication, Manage, Survey, Reports, My Profile, Support, Help, and Logout. Below these are filters for Term Type (Standard), Select Term (TITULO V: Escuela Santiago Iglesias Pantin), and Select Course (Algebra Grado 10 (Álgebra II)). The main table has columns: No., Section Name, Meeting Time, Location, Registered Students, Guest Students, Instructor, and Actions. The third row is highlighted in red and labeled 'Master Section'. A yellow callout box points to the 'Actions' column for this row, containing the text: 'Click here to deactivate this section as project course section.'

### 4. Need to bring the search option for individual student by firstname, lastname and eMail, as was done before in 'summer academy' and 'School' category interfaces.

The screenshot shows the 'Project Student Information' search interface. At the top, there are three tabs: Summer Academy, Project Schools, and Project Students. Below these are instructions for narrowing down the search scope. The search fields include Term (All), Course (All), Last Name, First Name, E-mail id, and Student Id. Each search field has a 'Search exact pattern' checkbox. A red box highlights these search fields. There is also a 'Best Score' checkbox and a 'Search' button. At the bottom, there is a 'Select Excel Report Fields' dropdown and a 'Generate Excel' button.

### 5. Project Vs non Project students performance (in project course interface)

The screenshot shows the 'Track Student Record' interface for 'Project students'. It includes a 'Compare Project vs Non Project student performance' section. There are two main comparison options:
 

- Students S1 of designated Proj section(s) VS students S2 in all other sections
- students S1 (coming from summer academy & schools) VS other students S2 in the same section.

 A 'Generate Excel' button is located below these options.

The left screenshot shows an Excel spreadsheet with two tables: 'Project Sections' and 'Non Project Sections'. The right screenshot shows an Excel spreadsheet with a table comparing 'S1' and 'S2' student groups.

Project Sections			Non Project Sections		
Section name	# Student	Avg score	Section name	# Student	Avg score
Section 001	30	88	Section TM0012	20	87
Section 002	29	76	Section TM0013	34	88
			Section TM0014	21	89
			Section TM0015	23	97
			Section TM0016	24	70
Wtd Avg	59	82.1	Wtd Avg	122	86.16

Sections	# Student	S1 Avg Score	S2 # Student	S2 Avg Score
Section 001	24	80	4	98
Section 002	25	78	2	88
Section 003	20	91	5	80
Wtd Avg	69	82.46		

- Option to upload feeder school logo which will display along with Fajardo logo on student login page for both summer academy and school.
